DEPARTMENT STORE INC. EL PASO

Fireproof and Safe Store

We wish to again direct the attention of El Paso men and women to the manifold advantages in trading at this store. First there is the important advantage of economy. To economize by patronizing this institution is a fact that has no doubt become firmly fixed in the minds of hundreds in the short time we have occupied this corner.

The second and all important advantage is doing your shopping in a perfectly safe building.

A summary of recent newspaper accounts in which lives have been lost by the score in old buildings not provided with proper exits and other modern facilities should appeal strongly in favor of this store.

Here is a strictly modern and up-to-date store in a fireproof "class A" building and offering values every day that are unapproachable by any El Paso store.
